

The 'Lagoon Team' Trailer

This multi-purpose utility trailer supports the Conservancy's extensive programs of restoration, education, science and outreach. The trailer is funded entirely through donations. Individual and corporate sponsorships are available!

Your donations support:

Restoration event support (shovels, rakes, hoes, loppers, trash pickers)

Outreach support (transporting tables, covers, chairs, books to tabling, fairs, and other community events)

Education support (transport exhibits, materials, supplies to support school programs)

Promotion (signage on side of trailer draws attention to Conservancy programs and to our sponsors)

Chemical toilet inside provides much needed relief at un-developed project and hike locations

Food, water, first aid (food and emergency supplies, including AED)

Safety equipment (vests, gloves, goggles, signage, safety cones, barricades)

Materiel transport (fencing, signage, invasive removal, native plants)

Scientific monitoring (test equipment, mobile laboratory)

Support the trailer! We need equipment, tools, materials, and signage to support the trailer's multi-fold mission of restoration, outreach, education, and scientific research support. Visit www.sanelijo.org/volunteer, or www.facebook.org/sanelijo to make your contribution, large or small, today.

Corporate sponsorships are available at the \$250, \$500, and \$1,000 level. For more information contact:
